SPRINT 1 REVIEW

Intro

This is the first Sprint review to give an update on the current status of your group project.

Tasks and Instructions

1. **Please arrange a meeting with both the unit chair and your practical tutor to showcase your group project. (Available meeting timeslots can be found on the General channel of the unit in Microsoft Teams.)**

Ensure to cover the following aspects during the presentation:

- Create PowerPoint slides to illustrate your current progress
- Mandatory attendance for all group members
- During the session, each individual should present/talk their specific contributions to the project.

2. **Prepare the sprint 1 documentation as follows:**

- Update your SRS Document for the group project
- There should be your application diagrams for the design stage,
- At the end of the SRS, add a new section called “Appendix 1 : Sprint 1 Review” and
- **Make sure to include:**
 - Git Contributors Screenshot (set it to one month), this is in your insights page
 - A Screenshot of your Trello Board
 - A document with a breakdown of all the tasks completed by each member.
 - A series of screenshots of the current state of your application

- Add a 100 words reflection for each participant.
